PUBLIC WORKS DEPARTMENT
NOTIFICATION

Simla-1, the 15th December, 1967

No. PW (R) 71-A-18/67-F-4809-4800.—In exercise of the powers under section 17 of the United Provinces Road side Land Control Act, 1945 (10 of 1945) as extended to Himachal Pradesh, the Lieutenant Governor of Himachal Pradesh proposes to make the following rules which are hereby published in the Rajpatra, Himachal Pradesh for the information of persons likely to be affected thereby and notice is hereby given that the Draft Rules will be taken into consideration on or after the expiry of one month from the publication of this Notification in the Rajpatra. Any objection or suggestion which may be received from any person with respect to the said Draft Rules before the date mentioned above shall be considered by the Government of Himachal Pradesh.

DRAFT RULES

1. *Short title and commencement.*—These rules may be called “The Himachal Pradesh Road-side Land Control Rules, 1967.

2. *Definitions.*—In these rules, unless there is any thing repugnant in the subject or context:—

- (a) “Act” means the United Provinces Road-side Land Control Act, 1945 as extended to Himachal Pradesh;
- (b) “Form” means a form set forth in the first Schedule to these Rules;
- (c) “Health Officer” means the District Medical Officer of Health or the Medical Officer of Health of the Local Body having jurisdiction within the area concerned; and
- (d) “Government” means the Government of Himachal Pradesh.

3. *Application to erect or re-erect, etc.*—Every person desiring to obtain permission to erect or re-erect any building or make or extend any excavation or lay out any means of access to a road in a controlled area shall make an application in writing to the Collector in Form I.

4. *Documents to accompany application to erect or re-erect buildings.*—In case of an application to erect or re-erect a building, the applicant shall submit with his application:—

(a) Certified extracts from village records showing the names of the owners, tenants and other particulars of the land to which the application relates.

(b) A site plan fulfilling the following requirements:—

- It shall be drawn to a scale of not less than 1/16th of an inch to a foot in the case of sites not exceeding one acre, 1/32nd of an inch to a foot in case of site exceeding one acre but not exceeding 10 acres and 1/64th of an inch to a foot in case of sites exceeding ten acres.
- It shall be prepared with sufficient accuracy to enable the site being identified and shall be submitted in triplicate in cloth-backed ferro-prints or tracings.
- The plan shall show:—
 - the scale;
 - boundaries of the site;
 - direction of the north point to the plan of the building or proposed building;
 - streets, or roads adjoining the site with their width clearly mentioned, all existing road side trees, lamp posts, aerial electric line, if any and any other side features or structures likely to effect the approach to the building or proposed building;
 - levels of the site and of plinth of the building or proposed building in relation to those of neighbouring road or roads by an elevation section;
 - all existing buildings or structures on or over or under the site or projecting beyond it;
 - surrounding buildings in outline within a distance of 20 feet from the boundaries of the site in relation to these boundaries and the building or proposed building and, if known, the names of owners of adjoining houses and premises or vacant land;
 - area occupied or to be occupied by the building or proposed building;
 - area of the courtyard of the building or proposed building or of the open space about the building or proposed building;
- The building plan on a scale of not less than 1/8th of an inch to a foot. It shall be submitted in triplicate in cloth-backed-ferro-prints or tracings, and shall show:—
 - The scale;
 - the direction of the north point to the plan;
 - a plan of the ground floor and other floors of the building or proposed building with front elevation and one other elevation and typical section;
 - the plinth level of the building or proposed building with reference to the level at the centre of the street which the building or proposed building is to about;
 - the level of the courtyard and open space in the building or proposed building in relation to the level of the centre of the street towards which the building or proposed building is to be drained;
 - the proposed method of draining the building or proposed building, the position and dimensions of all privies, urinals, drains, stables, dhobighats, cattle sheds, wells, compound wall, gate pillars and other appurtenances and the method of disposal of sewage, sullage and storm water;

- the size of the doors, windows, openings and other method of ventilation of each room;
- the means of access to the building or proposed building and its several floors;
- the number of storeys of the building or proposed building.

Note.—In the case of a proposed addition to or alteration of an existing building or proposed building the new works shall be indicated on the building plan in distinctive colour a key to the colours being given on the plan.

(d) specifications of the proposed constructions should be given in details, such as:—

- purpose for which the building or proposed building is intended to be used;
- materials to be used in the constructions;
- number of storeys;
- position and dimensions of all doors, windows, and opening for ventilation;
- Number of persons for which the accommodation is intended to be provided in the building or proposed building;
- particulars of wells, latrines, etc., to be provided;
- whether the site was previously built upon, if so, the nature of the former constructions;

5. Documents to accompany application to make or extend excavations, etc.—In the case of an application to make or extend an excavation or laying out means of access to a road, the applicant shall submit with his application:—

- certified extracts as mentioned in Rule (4) (a);
- drawing and specifications, sufficient to enable the intention of an applicant to be readily and unmistakably understood;
- where an open drain is to be covered, a plan and section showing clearly how it is proposed to cover the drain in question and where a culvert is to be built showing the exact tunnel size of culvert.

Note.—The plans shall confirm to the requirements of Rule 4 (b) (i).

6. Register of applications.—On receipt of an application under rule 3, the Collector shall cause it to be entered in a register to be maintained in his office in Form II.

7. Principles on which permission will be granted.—In determining the grant of permission on an application, the Collector shall take into consideration the following:—

- (i) Bus stands should be set back sufficiently from the general building line limit prescribed for the road so as to permit of a service road subject to a minimum distance of 100 feet from the centre of the road. Access to the stand should be limited to one point on the main road.
- (ii) Construction of buildings shall not be allowed within the building lines, i.e. within the distances specified below from the centre line of any road of the description given in the following table:—

Serial No.	Categories of roads	Building line
(i)	National Highways	50
(ii)	State Highways	40
(iii)	Other Roads	35
(iv)	Road Junctions	75

(2) The opening of sullage towards the road shall not be permitted.

(3) The approach should be in such a manner as not to interfere with or endanger the flow of traffic on the road.

(4) No construction or excavation likely to affect public health shall be allowed within the controlled area except after obtaining the advice of the Health Officer.

8. *Restriction on grant of permission on Kilns, etc.*—No licence shall be granted for the establishment of any charcoal kiln, pottery kiln, lime kiln or brick kiln or brick fields or stone quarry within the double limits of the building lines specified in rule 7(i)(ii).

9. *Application for licences.*—Subject to the provisions of rules 14, every person desiring to use any land within a controlled area for the purpose of a brick field or brick kiln, lime kiln, charcoal kiln or pottery kiln shall make an application in Form III to the Collector and shall furnish the following particulars:—

- (a) a full and clear description of the land in which the brick field or kiln is proposed to be established with the name of the district, tehsil pargana and the village in which the land is situated and the field numbers, if any, along with an extract from the latest village maps;
- (b) the number of kilns which are proposed to be set up in the brick field and the location of each;
- (c) the total period for which it is expected that the brick field or kiln will be in use;
- (d) any other information which the Collector may require to be furnished.

Note.—Before considering the application, the Collector may require the applicant to demarcate the boundaries of the proposed brick field or kiln at the site.

10. *Grant of licence.*—(1) Before making an order in Form IV on any application, the Collector may obtain the opinion of—

- (a) the Health Officer whether the proposed site is suitable with regard to the maintenance of the health of the Public generally and whether the sanitary arrangements proposed to be made are adequate; and
- (b) the Executive Engineer, P.W.D., concerned or the local body incharge of the road with a view to ascertaining the requirements of traffic including its needs for future expansion.

(2) The Collector shall refuse to grant a licence if the land on which it is proposed to establish the kilns or brick field is situated at place less than 1,000 feet from an inhabited site or site likely to become inhabited.

11. *Conditions of licence.*—Every licence granted under these rules shall be deemed to be granted subject to the conditions set forth in the Second Schedule to these rules except in so far as those conditions may be modified by the Collector in any case, and subject to any further conditions which the Collector may consider it desirable to attach with a view to securing the safety, health or convenience of the public.

12. *Termis of licences.*—Every licence granted under these rules shall be effective for a period of one year from the date of issue, but may be renewed by the Collector as often as he may think fit.

13. *Fees.*—(1) The following fees shall be payable in advance for licences issued under these rules:—

A—BRICK KILNS AND BRICK FIELDS—

- (a) For the initial grant of a licence for a brick field including not more than one brick kiln of standard size .. 50 a year

(b) For the renewal of the same for each year of renewal	Rs. 25
(c) Additional fee payable for every additional brick kiln after the first	25
(d) Additional fee payable in respect of any brick kiln which exceeds standard size	25 a year

B—CHARCOAL KILN, POTTERY KILN AND LIME KILN—

(a) For the initial grant of a licence for a Charcoal kiln	25
Pottery kiln	10
Lime kiln	50 a year

(b) For the renewal of the same for each year of renewal—	
Charcoal kiln	15
Pottery kiln	5
Lime kiln	25

“Extraction of minerals, required by the P.W.D. and by the Contractors employed by the P.W.D., on either side of the P.W.D. roads shall be controlled by the P.W.D. No new quarries will be allowed to be opened by any other party within the P.W.D. acquired lands. Opening of new quarries by the interested parties outside the acquired width but within the controlled strips will be permitted by the Forest Department after consultation and approval of P.W.D.”

The renewal fee is payable at the above rates for a licence if the application for renewal is preferred to the Collector not less than one month before the date when the licence is due to expire; if the application for licence is preferred at any later time the fee for renewal shall be the full fee as for a new licence.

(2) The fees set forth in sub-rule (1) shall be payable in full before application is taken into consideration, but if the grant or renewal of the licence is refused, half of the fee shall be refunded.

(3) For the purpose of this rule, a brick kiln of standard size means a brick kiln containing not more than thirty-two chambers each capable of burning twenty-five thousand bricks at one loading.

(4) In addition to the fees set forth in sub-rule (1) of this rule, the Collector may also require an applicant for a licence for a brick field to deposit a sum not exceeding one hundred rupees for each acre included in the area of the proposed brick-kiln field as security for the fulfilment of condition IV in the Second Schedule appended to these rules, and if that condition is not fulfilled to his satisfaction, the Collector may himself have the necessary works executed and pay the cost of the same from the amount deposited. When any expenditure is thus made from deposit money while brick field or kiln is still in use, the holder of the licence shall, on demand of the collector, deposit a further sum equal to that expended.

(5) The licence fee set forth in sub-rule (1) A and B and the security money set forth in sub-rule (4) of this rule shall be deposited by the applicant in the Himachal Pradesh Government Treasury under the Receipt Head “XXXVII P.W. Miscellaneous” and the duplicate of the treasury challan sent to the Collector along with the application.

14. *Brick and pottery making in villages.*—No written licence shall be required in the case of bricks made out of the earth dug from village ponds or far brick fields in which small quantities of burnt or sun dried bricks are made by the residents for their own use or for small pottery kilns if the kind popularly known as “Awas” which are used to produced pottery or tiles on a small scale:

Provided that if the Collector is of the opinion that any such brick field or kiln is being used (for making bricks) on a large commercial scale or is being operated in such a way or in such a place as to cause inconvenience to the public, the Collector may at any time serve a notice on the owner or tenant of the land in which the brick field or kiln is situated requiring him to apply for a licence under the Act and in the meantime to discontinue the use of the brick field or kiln, and from the time of service of the notice the brick field or kiln shall be deemed to be one which is unlicensed and for which a licence is necessary.

15. The Collector shall inform the Chief Engineer, P.W.D., or any officer designated by him in this behalf, of all permissions granted by him and conditions imposed if any, under clause (a) of sub-section (2) of section 6 of the Act.

16. The Collector shall inform the Chief Engineer, P.W.D., or any officer designated by him in this behalf and the Health Officer of all licences granted by him and the conditions imposed if any, under section 12 of the Act.

1. Renewed upto the _____ Signature of the Collector.
2. Renewed up to the _____ Signature of the Collector.
3. Renewed upto the _____ Signature of the Collector.

SECOND SCHEDULE

FORM IV

(Referred to in Rule 11)

CONDITIONS APPLICABLE TO ALL LICENCES

- I. (1) The holder of the licence shall provide—
 - (a) adequate and suitable accommodation for the labourers working at the brick field/kiln;
 - (b) a supply of wholesome water for drinking and other domestic purposes;
 - (c) sufficient and suitable latrines and urinals for the labourers and an adequate staff of sweepers at

a minimum rate of Rs..... for every hundred labourers to attend conservancy arrangements.

(2) Works shall not be begun in the brick field/kiln until the requirements of sub-paragraph (1) above have been complied with to the satisfaction of the Health Officer and a certificate to this effect obtained from him.

II. The holder of the licence shall not permit any person suffering from any contagious or infectious disease to enter or be upon the licensed brick field/kiln.

III. No excavation shall be made in any part of the brick field/kiln to a depth of more than seven feet below the surface level whether for the removal of clay to be used for making bricks or any other purpose.

IV. The holder of the licence shall comply with all directions that may be given by the Collector for the regulation of the excavation and the provision of proper drainage or with a view to ensuring that rain or flood water shall collect at one place or at a few places in the brick field or kilns instead of at a number of places and on completion of operations shall level dress and tidy the site to the satisfaction of the Collector.

V. The holder of the licence shall treat every collection of water in the basic field kiln with oil or other larvicide once a week or often to the satisfaction of the Health Officer.

VI. The holder of a licence shall comply with all directions that may be given by the Collector for the provision of chimneys which shall have a height of not less than 30 feet from the general level of the area and other devices for the control, abatement or proper treatment of smoke, gases or odours emanating from the kiln.

VII. The whole area of the kiln or the brick field/kiln shall be open at all time to be inspected by the Collector or the Health Officer or by any official deputed by the Collector, or the Health Officer to inspect on their behalf.

VIII. The licence shall be kept at all times in the licensee's office at or near the site of the kiln and shall be produced on demand to any official making an inspection under the preceding condition.

By order,
Sd/-
Secretary.
